

November 10, 2009

Welcome Students and Parents to Mac's ACT Prep Program 2009-2010! This year's theme is "Engaging the Learner." We hope that techniques and strategies that are used in the class will cause your student to pause, think and reflect. The ACT is not about memory but about using information to arrive at conclusions.

You have found the folder that will keep you in touch with the ACT Prep Program. You'll find announcements, calendars and tips in this folder.

The Mac faculty for the ACT Prep Course are....

Math: Mr. Matt McLain and Ms. Julie Gonski

English: Ms. Pat Memenga and Mr. Dan Jacoby

Reading: Mr. Kevin Brown and Ms. Jena Allie

Science: Ms. Joan Klonowski

**If your student cannot attend a session, expect a phone call** that morning from one of the members of the team. Since the school switchboard is closed, we need to reverse the process and call you! If you know your student will be absent, please have the student tell one of the teachers or simply e-mail me.

I can be contacted at [suzyruder@yahoo.com](mailto:suzyruder@yahoo.com). I try to be diligent about communication, but I do travel some and do not always have access to e-mail. I can also be reached at 815 933-8801.

Your ideas and questions are important to the entire ACT Prep Team. Please don't wonder, just contact me!

Check back to see important updates. Thank you for choosing Mac's ACT Prep Program.

Sincerely,

Suzy Ruder

Mac's ACT Prep Program Consultant
