BISHOP McNAMARA CATHOLIC SCHOOL

Dear BMCS Family,

Another school year has begun with great hopes of academic, spiritual, and interpersonal growth! Our dedicated faculty and staff are off to a great start and have begun preparing many lessons and experiences to help develop the whole child.

I invite you to get involved in our school community. Please come into our school and volunteer, join us in supporting our fundraisers, attend our school's events and masses and become a cheerleader for our school in the greater community. When we all come together for our school and for our children, nothing can stop us!

Thank you for your continued support of our school! Our school children are truly blessed to have this faith-filled community surrounding them.

Many blessings to you and your family,
Mrs. Berg

Children are a gift from the LORD; they are a reward from him. PSALM 127:3

PreK4 students painting pretty pictures to decorate their classroom for fall.

Kindergarten made new friends while observing a caterpillar at recess.

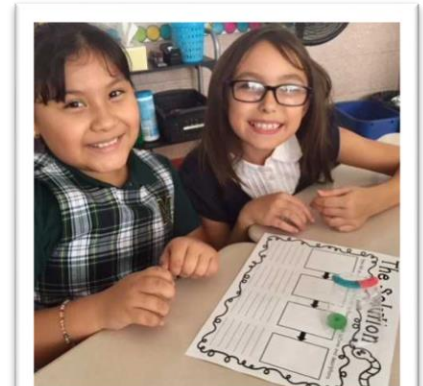

1st grade played popcorn BINGO to help us review some of our Kindergarten sight words.

2nd grade reading a story about families.

3rd grade enjoyed a story from the listening center. The listening center is one of the students' favorite learning centers.

4th graders working on a STEM activity.

These 5th graders made a marshmallow tower while strengthening their friendship during the first week of school.

Future engineers hard at work in 6th grade STEM Lab.
